## WILL STARVE THEM.

The Patterson Business Men Take a Stand Against Anarchists.

Detectives Employed to Shadow the Reds and a Blacklist Will be Prepared to Aid in Driving Them Out.

Patterson, N. J., June 21.—Mayor Schlueter seems to be in complete control of the situation here, backed by the entire peace-controlling force of the city and county and goodly portion of the state militia. The soldiers' presence has had a deterrent effect upon the reds and they are not in evidence in the city. The cops will remain on duty at night and be relieved by the deputies in the morning. No troops will do duty in daytime unless there should be some trouble. An organization has been completed composed of 50 wealthy business men in the city to be known to the public as the Patterson vigilance committee, and the membership and proceedings are not to be made public. Private detectives had already been engaged to shadow the leading reds. The anarchists are to be induced to leave Patterson quietly if possible. If they do not go the committee is said to have its own plan of action. One of the methods to be employed is said to be the keeping of a blacklist and no matter where in Patterson a man is obtained his employer will be notified to dismiss him. If this plan is carried out it will starve out of the city all the anarchists who may come here. It is said the committee has \$250,000 pledged by the men composing it to carry out its purposes.

## WHITELAW KICKED

Because He was Assigned a Seat Alongside a Turk.

The sons and daughters of the non-miners have been forced out of work in factories and stores, and the miners have been threatened with out if they refused to discharge persons complained of. **Matrimonial Snags.**

he won't like this before we marry me. Mr. Youngblood's disease. And he is quite right. If he were far enough he would be able to understand her feelings and sympathize with her condition. But his estimate of the stops at extremes—the tears, suspense and irritability which are surface symptoms of the real change undergoing.

There is no time when young women are in need of good motherly care as in the early days of married life; and there is perhaps no time when, as a rule, the young wife is left so entirely alone to grope her own way to success in doubt and uncertainty. Of all the things governing her womanly health now nothing. She becomes nervous,

irritable, sleepless, dejected. To be ready, marriage is a failure. She longs unhappy years before her, and asks from them.

**THE HELP SHE NEEDS.**—In such a case a woman's help, and the help she needs will come in Dr. Pierce's Favorite Prescription. It will cure nervousness, restlessness and irritability, encourage the appetite, and bring back the lost buoyancy which has been lost. "Then I wrote to you some time ago for advice. I was in very poor health," writes Mrs. Ethel Trepoff, Merrill, Wis., Box 54, "and continually with severe pains and headaches, and confined to my bed for the greater part of the time. I was in a delicate condition, thinking that something must be done. I consulted three different doctors, and told them what my case was. One said that in no way could it be cured except by having an operation. A woman dreads the thought of an operation, and so did I. After reading Dr. Pierce's pamphlets I decided to go to him. I did so, and was at once relieved from coughing cold and properly caring for my health for months. I also had a severe case of bronchitis, and was in bad condition. My asthma was sore from continual asthma attacks, and sometimes when I would lie down one had to rub my back for an hour before I could get any relief. I had a bad cough all the time. Friends thought I had consumption, or was surely running into it taking three bottles of Dr. Pierce's Favorite Prescription and two of the Medical Discovery, and two of Dr. Pierce's Peletts. I am able to tell that I am cured. I thank God and Dr. Pierce so much for being good health as I am to-day."

**A GREAT RECORD.**—Dr. Pierce's Favorite Prescription cures weak women strong, sick women in seven little weeks. It is a complete cure of hundreds of thousands of weak and sick women. But it would require volumes to tell the story of these cases. They cover every variety of disease curable by medicine. The cure has passed the border here the use of medicine ends and begins, and in a few cases the ailing woman had been told

there was no help for her except in an operation, the use of Dr. Pierce's Favorite Prescription has restored her to perfect and permanent health.

"I cannot express my joy and happiness, nor thank you enough for all the good your medicines have done for me," writes Mrs. Anna Russell, of Harrison, Maine, Box 109. "When I began taking your medicine my weight was 102 pounds, now it is 120. I was troubled with female weakness and had severe backache, ovarian trouble, also inflammation. Left lung was swollen nearly all the time and pained me very much so that at times it was all I could do to take my breath. For six years I suffered dreadfully all over and had many different medicines but with very little help, if any at all. I couldn't eat anything except it hurt me very much, would vomit in bowel and have much pain. Had no appetite. A year ago last November I decided to write to Dr. Pierce, and received his kind advice, free. By following his instructions and taking the medicine faithfully I began to improve at once, and, although I have not taken a drop of medicine since last August, I feel perfectly well—better than I have for the last eight years. I believe that Dr. Pierce's medicines are a God-send to all suffering women. They saved me an operation, for three doctors told me I would never get well without going to a hospital and having an operation performed."

**TO SUFFERING WOMEN.**

This message comes to you from hundreds of thousands of women who were once sick and suffering: Dr. Pierce's Favorite Prescription has completely cured us of disease and made us well and happy women. Can you afford if you are sick to neglect such an opportunity of cure? Other medicines may have failed you. Local physicians may have said you could not be cured. But if you have not tried "Favorite Prescription" you have neglected the use of the medicine which has cured when all other medicines failed, and doctors proclaimed a cure to be impossible.

Doctor Pierce's Favorite Prescription establishes regularity, dries weakening drains, heals inflammation and ulceration, and cures female weakness. As a tonic and nervine it is unequalled in its strengthening powers. It restores the lost health and gives back color to the cheek and plumpness to the form.

Sick women are invited to consult Dr. Pierce, by letter, free, and so avoid the offensive examinations, indecent questions and obnoxious local treatments

often deemed necessary by the home physician. All letters are treated as strictly private and sacredly confidential. Address Dr. R. V. Pierce, Buffalo, N. Y. "Favorite Prescription" has the testimony of thousands of women to its complete cure of womanly disease. Do not accept an unknown and unproven substitute in its place.

**YOUNG WIVES.**

This great, modern medical work contains more than one thousand large pages and over 700 illustrations. It is sent absolutely free on receipt of stamps to pay expense of mailing only. Send 31 one-cent stamps for the cloth-bound volume, or only 21 stamps for the book in paper covers. Address Dr. R. V. Pierce, Buffalo, N. Y.

**INTERESTING TO ASTHMA SUFFERERS.**—Daniel Banta, of Ottoville, Iowa, writes: "I have had asthma for three or four years, and have tried about all the cough and asthma cures in the market and have received treatment from physicians in New York and other cities, but got very little benefit until I tried Foley's Honey and Tar. Which gave me immediate relief, and I will never be without it in my house. I sincerely recommend it to all." For sale by H. F. Vortkamp, corner North and Main streets.

It is interesting to asthma sufferers. The city of Lima, and payable to the city of Lima, and which the money represented the bidder by making a bid positive such check across along to and become the property of the city of Lima, Ohio, should be declared the lowest to carry passengers over the route established and should neglect to accept an ordinance giving the right to construct, maintain and operate an street railway over said route the time named in an ordinance giving the right to be constructed,

**ABSENCE OF FAIRIES.**—The privilege committee of the Elks' lodge is to be congratulated upon its prudent selection of privileges to be granted. The festival has been conspicuously clean of all "fakes" and other obnoxious features of affairs of this character. All the stands that are being conducted at the carnival are dispensing legitimate wares and most of them are controlled by local interests. On the whole the carnival has been conducted in a manner that reflects nothing but credit upon the lodge under whose auspices it is being given.

**WHAT****Muncie Thinks of the Carnival.****A Big Success****Scored By the Elks of That City****Letter Expressing Official Appreciation Giving the Company.****Muncie Papers Declare the Attractions Far Above the Average****—Everything Given As Advertised.**

The Gaskill-Mundy company, whose attractions have been booked by the local lodge of Elks for the big carnival that will be given in this city during the week of July 7, closed a very successful week at Muncie, Ind., last Saturday night. With reference to the event in that city the Muncie Star says:

"Long and hard have the members of Muncie lodge No. 243, B. P. O. Elks labored to make the carnival the most stupendous affair of its character ever held in eastern Indiana, and their success has been pronounced. As a direct result of their efforts the people of Muncie and surrounding territory have been treated to the best attractions that travel and the Elks themselves will come out several thousand dollars to the good."

**HIGH CLASS ATTRACTIONS.**

Taken individually or as a whole, the carnival attractions are far above the average shows of the same character that are being displayed throughout the country. The Gaskill-Mundy Company has taken pains to confine its advertising matter to facts, and the shows are even more than is depicted on the bill boards. Each of the paid attractions is worth many times the price of admission, and some of them are simply marvelous. Take for instance the Burmese midgets. What is more wonderful than these little people? Perfect in every way, muscular and possessing more than ordinary intelligence, they are the marvel of the age."

The free attractions are also of the best. Phillion's wonderful feat of ascending and descending a spiral tower is a most inspiring, as is also Kilpatrick's daring ride down a steep flight of steps at breakneck speed. This act has attracted the attention of the entire country, being a reproduction of Kilpatrick's famous ride down the capitol steps at Washington, D. C. The electric fountain has not been as much mentioned in the newspapers of the country as some of the other attractions, but nevertheless it is one of the most beautiful sights ever witnessed in Muncie. The predominating air of the carnival has been one of order, and there has been very little rowdyism displayed at any time.

**Absence of Fairies.**

The privilege committee of the Elks' lodge is to be congratulated upon its prudent selection of privileges to be granted. The festival has been conspicuously clean of all "fakes" and other obnoxious features of affairs of this character. All the stands that are being conducted at the carnival are dispensing legitimate wares and most of them are controlled by local interests. On the whole the carnival has been conducted in a manner that reflects nothing but credit upon the lodge under whose auspices it is being given.

## THE RAILROADS WILL BE THE BENEFICIARIES.

About 75,000,000 acres of land are to be reclaimed and made to blossom as the rose under the provisions of the recently enacted irrigation bill. The job will cost from \$5 to \$10 per acre, which, according to the eager advocate of the measure, will be paid by settlers, not by the government. Since the land to be irrigated will belong chiefly to land grant railroads, it is not easy at first sight to discern where the settlers comes in as a reimbursing agent.

## THE INFLUENCE WAS FELT.

Would it not be nice to be to ascertain just what influence brought about the vote in favor of the Panama route for the canal? Some of the senators with a penchant for making money would want to take to the woods if the real motive for their vote was made public.

## TRYING TO PARALLEL THEIR OWN FAMILY ROW.

Our Republican brethren, in their efforts to further the welfare of their own party are attempting to create discussion in the ranks of the Democrats by charging that Tom Johnson is reading John R. McLean out of the Democratic party. This is one of the stock campaign acts of the Republican managers, who want to array one part of the Democracy against the other, in order that the enemy may profit by the rumpus.

## A TRUTH THAT IS TERSELY TOLD.

Captain Lemley, the "dog in the manger" of the navy department, is soon to be retired, the navy board having found him physically unfit for service. His contemptible conduct before the Schley court of inquiry demonstrated that he was long ago mentally unfit for service.

## FINDLAY'S COUNCIL CHECKMATES THE RAILROAD.

The recently enacted state law, relieving railroads of the burden of paying arc lights at street crossings, is likely to be ineffective so far as Findlay is concerned. Two of the lines entering that city have withdrawn their letters to the city council announcing that they would refuse to pay any more light bills and a third has abstractly announced that "present methods would not be changed." The announced intention of the council to reduce the speed of all trains to four miles an hour through the city and to compel the establishment of flagmen at every crossing is said to be the reason of the awakening.

## STRIKES HAVE PROVED EXPENSIVE.

In 20 years there have been about 23,000 strikes in this country, 63 percent of which succeeded wholly or in part, while 37 percent failed altogether. The total losses chargeable to strikers in that time are reckoned at about \$380,000,000.

## COLUMBUS GROVE

Memorial Odd Fellows Services Tomorrow.

Rev. W. C. Klink Has Concluded to Remain in This Village for Another Year.

Columbus Grove, O., June 21.—On tomorrow afternoon the annual services for departed Odd Fellows will be held at the East Sycamore street Christian church. The address will be delivered by Rev. G. B. Garner, of Lima, who is a prominent member of the local lodge, and a speaker of ability. The local Lodge of Odd Fellows will attend in a body, as will also the organization of Rebekahs. Everybody will be made welcome.

It is indeed gratifying to the members of the east Sycamore street Christian church, as well as to the people in general, to know that Rev. E. C. Klink, who not long since tendered his resignation to take on September 1, has reconsidered the matter and will remain with the congregation for a year, at least. This decision carries with it the increase of salary of which Rev. Mr. Klink is so deserving. Not only of the local church, but of the Maple Grove Christian church also. Rev. Mr. Klink has done an excellent work since having taken charge of these parishes and it but natural that it is with reluctance that his departure would be received. Yesterday he received another call from an influential church in central Indiana, but will reject the same, since having decided to remain with the East Sycamore church.

Rev. Jacob Baumgardner is at home from a visit with his brother in Toledo.

## RAILROADS INDICTED

For Alleged Violations of the Interstate Commerce Law.

Atlanta, June 21.—The federal grand jury which has been investigating the alleged violations of the interstate commerce law relating to the pooling of cotton rates out of Atlanta returned three indictments, one against five of the railroads entering Atlanta and one against individuals representing the railroads, charging them with violating the law to regulate commerce, and a joint indictment against both railroads and individuals for violating the Sherman anti-trust act. The railroads indicted are the Southern railway, the Seaboard Air Line, Atlanta and West Point, Western and Atlantic and Georgia Railroad and Banking company.

## Fighting Forest Fires.

Tacoma, Wash., June 21.—The fire department of this city has sent men, engines and hose on a special train to Buckley, in this county, which is threatened with complete destruction by forest fires raging between that town and Enumclaw, King county. A great cloud of smoke hangs over Tacoma, 33 miles from Buckley. The mountain mill, two miles east of Buckley, was burned. Undoubtedly many lives of mountain campers and loggers have been lost. Enumclaw is also threatened with destruction. The whole population is fighting the flames but the waterworks has been burned and the work of protecting the town is difficult. The wind is blowing a gale, and much farm property already has been destroyed. The damage to timber and buildings in the town is over \$100,000. About 40 women and children are shut off by fire.

## Treaty With Cuba.

Washington, June 21.—The war department has been engaged for some time in the collection of the data requisite for the preparation of a reciprocity treaty with Cuba should the president conclude to send such a treaty to the senate in the event of the failure of congress to grant relief by legislative enactment to the people of the island. It is not believed, however, to be probable that this treaty will be submitted during the present session of congress, mainly because of the physical impossibility of preparing a satisfactory and complete measure within the short time before adjournment is taken for the summer.

## Family Drowned.

Laporte, Ind., June 21.—A telegram was received at Wanatah conveying the intelligence of the drowning of the family of Nelson N. Reynolds of this county in a flood in Tennessee. A daughter was the only survivor. The husband, wife and three children were caught in the whirlpool of water and were drowned before assistance could reach them. Reynolds and his family were visiting in Tennessee and were preparing to return to this country. A bridge on which they were crossing was swept into a raging stream.

## Pope and Philippines.

Rome, June 21.—The papal secretary of state, Cardinal Rampolla, assured the Rt. Rev. Thomas O'Gorman, bishop of Sioux Falls, S. D., that the vatican accepts the propositions of Judge Taft, governor of the Philippine islands, regarding the disposition of the friar lands, on all the main points, but dissent on minor points. The official documents are being prepared at the vatican and will be delivered to Judge Taft soon.

## Rooster Spurred Him.

The parties were married May 21, 1897, at this place and have one child 14 months old. That he notified the landlord he would no longer pay the rent, but that he (the landlord) must look to plaintiff for payment. She alleges that defendant has property worth \$150 and \$135 in money. ## ANOTHER GUSHER

Added to the List of Big Wells Recently Struck in Allen County.

Counties Along the State Line are at Present the Center of Attraction in the Oil Fields of the Middle West.

Dan Herring's third well on the Lachy farm section 27, Richland township, Allen was completed this day and is showing up for one of the best in that neighborhood. During the first 24 hours it put 200 barrels into the tank after being shot and is still making a big production. This has been a wealth-making farm as Nos. 1 and 2 were both big ones.

The new developments in the state line pool in Mercer county, Ohio, and Adams county, Indiana, are attracting much attention at present and it is fair to be the forerunner of unusual activity before the summer is over. The Findley well drilled by the Bellamy Oil Co. is the most notable recent discovery and even though it may have been originated in the first reports, it is almost certain to one extension to the Blue Creek field. This well is located in section 4, Jefferson township, Adams county, and in the same section the Sun Oil company has a rig up for No. 1. A. J. Hawk, in section 3, the Ohio Oil company has a rig for No. 1 Hartree. The latter company also has a rig up on the H. Parry farm in section 17, Blue Creek township, one-half mile north of the Findley well.

There are six wells drilling now in section 17 and 18. The others in what is known as the Rawley pool and on the Ohio side are nine drilling with varying up-to-the-minute. Two new holes are being drilled in section 17, one by the First of Wellersburg, O. D. Madson, and the other by the Madson Farm, which was shut down because of the low gas pressure made to run for 24 hours but the gas is so strong that even if it were off, well as production would stand.

A test well drilled by W. R. Welton on the J. C. McSmith farm in section 8 of Harrison Township proved to be a gusher and in section 6, the Penhook Oil Company's No. 7, S. D. Monroe, is also drilling the first 24 hours. The First of Harrison Township, T. N. Kendall, No. 2 on the Madson farm, which was shut down because of the low gas pressure made to run for 24 hours but the gas is so strong that even if it were off, well as production would stand.

## MADDENED

By Hydrophobia, Beast Becomes Dangerous.

A cow owned by James Stalter, a farmer residing about 7 miles west of this city, showed signs of having contracted hydrophobia a few days ago and Dr. Blattenberg was summoned yesterday to investigate and diagnose the case. Dr. Blattenberg found that all the marked symptoms of the horrible disease were apparent. The maddest beast plunged and made numerous attempts to gore other animals until it was shot and killed. Unfortunately for their owner, other animals are showing symptoms of the dreaded malady and all may result in their being killed, too.

# A CLEAR HEAD FOR BUSINESS

A head that aches is a bar to business—Most headache medicines offered the public stop, but do not cure the attacks. Ease the pain but do not remove the cause. Do not give resistive power, act as sedatives of blanketing agents, require continued use. Continued use means loss of effect or increased dose—possibly habit. Contrast this method of treatment with that of Dr. A. W. Chase's Pills—A medicine that goes to the root of the trouble—a body-nourished nervous system—removes the cause, removes it for good—gives back the power to think, to work, to act; by its unparalleled nerve rebuilding tonic properties. The only sensible, proper way to reach such trouble.

## NORTH UNION STREET.

Mrs G. L. Stockham, of 713 north Union street, Lima, Ohio, says: "I was sick all winter—nervous, weak, headache a lot, and had nervous chills. I could get nothing that seemed to help me until I began Dr. A. W. Chase's Nerve Pills I got at Melville's drug store. The medicine took hold immediately and the change was most agreeable. Today my nerves are steady—the chills and headaches gone and my general strength and system good. I am glad to be able to say this."

He knows that this paper aims to advertise only the best in its columns, and when he saw Chamberlain's Pain Balm advertised there in full page back, he did not hesitate in buying a bottle of it for his wife, who for eight weeks had suffered with the most terrible pains in her back and could get no relief. He says, "After using the Pain Balm for a few days, my wife said to me, 'I feel as though born anew,'" and before using the entire contents of the bottle, the unbearable pains had entirely vanished and she could again take up her household duties." He is very thankful and hoped that all suffering likewise will bear of her wonderful recovery. This valuable balsam is for sale by Wm. M. Melville, old post office corner.

## ROYALTY TO VISIT US.

Many Princes Coming to the United States This Year.

### FAMOUS CHINAMAN EXPECTED.

Prince Cheng will arrive in August.

Grand Duke Boris of Russia

Expected in July.

King Men-

tic's Brother a Likely Visitor.

A year which has been memorable

for international amenities will be rendered still more famous this summer and next fall, when several members of imperial houses will be entertained in the United States, says the Washington correspondent of the New York World.

The Grand Duke Boris, first cousin

of the czar and younger son of the

brother of Alexander III, the Grand Duke Vladimir, is scheduled to arrive in the United States in July. He is making a tour of the world and is now in India. He is not traveling incognito, but his visit is not official, and no state functions will be organized in his honor. On account of his near relationship to the czar, however, he will be accorded all the courtesy and formality possible at a season when the officials of Washington are scattered to the four corners of the earth.

Count Cassini has already informed

Secretary Hay of the intentions of

the imperial visitor.

The secretary will be

at his summer home at Lake Sunapee,

N. H., and it will not be for him to re-

Count Cassini has arranged, however,

that the distinguished visitor shall pay his respects to the president at Oyster

Bay. The ambassador has taken

a handsome cottage at Bay Harbor,

and some brilliant entertainments will be given there.

The grand duke will visit New York,

Boston and Philadelphia, but it is not

likely that he will go to Washington.

He will land at San Francisco, where

he will be met by Mr. Zelenov, second

secretary of the Russian embassy.

After spending a few days in the metropolis of the Pacific, he will cross the continent, making leisurely stops in such cities as Los Angeles.

The grand duke is not yet twenty-

five years of age and is unmarried.

He is a soldier by profession and is at

present a member of the imperial

guard and colonel of the Azoff regi-

ment of infantry.

Prince Cheng, another expected visi-

tor, is a brother of the emperor of China.

He is famous through his associa-

tion with Li Hung Chang in the nego-

cations at the time of the Boxer trou-

bles and because he was the envoy se-

lected to apologize to the emperor of

Germany for the killing of Baron Reth

Keller. He added to the gravity of na-

tions by refusing to kowtow to the em-

peror of Germany upon his appearance

at court. He based his refusal on the

ground that the "kowtow" was an act

of reverence reserved especially for his

own emperor. William II, tried by

every diplomatic method to overcome

the scruples of the Chinese envoy without

effect and a ludicrous compromise was

arrived at.

Prince Cheng is accompanied by a

suit of ten persons, among whom are

several distinguished Chinese states

men and scholars. Prince Cheng will

arrive in this country some time in Au-

gust.

It is likely that a similar programme

will be followed in entertaining these

eminent Chinese visitors as during the

recent visit of Prince Henry and of the

French representatives to the Rechaub

beau celebration. A special delega-

tion will be appointed by the secretary

of state to receive them and to entertain

them throughout their visit. It is ex-

pected that John W. Foster will be

a member of this committee and proba-

bly W. W. Rockwell, both having acted

in a similar capacity when Li Hung

Chang made his tour of the United

States. Prince Cheng will be enter-

tained in Washington by the Chinese

minister, although his dwelling will

probably be either the Arlington or the

New Willard. Mr. Wu has received no

positive information concerning his

plans except that he will come in Au-

gust.

The crown prince of Siam, Prince

Maha Dujrueach, the third royal visi-

tor, is making a tour of the

## TO SMOKERS.

When you are down town this evening  
and feel the need of a good cigar,  
go into the new cigar store  
recently opened by C. Boeck at 121  
west High street. There the smoker  
no matter how critical he may be,  
can find cigars and other forms of  
smoking and chewing tobacco that  
will "just fill the bill." If you smoke  
a particular brand of cigar or smoking  
tobacco go there, if you have no  
choice, except that the tobacco is first  
class, go there. In either case you  
may feel a sense of utmost satisfaction.  
Try it once and you will go again.  
The number is 121 and the location is west High street.

Two divorce actions were filed

session of common pleas pro-  
ceeded under the Rev. J. E. Manning  
for the teachings which in passing

well delivered by Thomas Reynolds  
after which the Rev. J. E. Manning  
had addressed the graduates and  
handed to them their diplomas.

At the opening of the second O. N.

gave a yell and sang a song and then  
their work received a hearty round

Little Miss C. Corbin captured  
the audience with a picture entitled  
"The Missionary Girls." Eyes in  
which she placed remarkable  
intelligence. This number was followed by  
Sister Louise, who was well executed  
and the audience gave a hearty round

Part third was "Dottie's Dream" in
